## 1 General

### 1.1 Word from the Clerk of the Course

Dear SM Pohjanmaa Ralli competitor,

Welcome to the Pohjanmaa Ralli in the capital of Ostrobothnia, Seinäjoki. This year there have been challenges in the organization of the Rally due to Covid -19 pandemic. We recommend following recommendations of THL (Finnish institute for health and welfare) and our instructions which are mentioned later in this guide.

The Rally route is completely new this year.

Like previous years, the Rally Office is located at Hotelli Sorsanpesä where also the start of the Rally is happening.

The scrutineering and the service are taking place at Rengastien Autotarvike.

On Friday, the refueling is located at Sydänmaan nuorisoseura, Alavus. On Saturday morning, the refueling is located at ST1 Rengastie, Seinäjoki and during the other times on Saturday at Koveron Shell, Lapua.

Three Special Stages will be driven on Friday. On Saturday, six Special Stages will be driven and two of them will be driven twice. The VIP area is located at the Finish of Special Stage 6/9.

All classes will be driving all the nine Special Stages of the Rally.

On Saturday afternoon, the Finish is taking place at Hotelli Sorsanpesä where also the prize giving ceremony is being held.

Partners, owners of the lands and roads, and numerous people working voluntarily are extremely important as they are creating the Rally with us. Cooperation with the authorities, City of Seinäjoki and partners happened in a good spirit and this year we have especially invested in the health and safety of the audience.

I wish a speedy but safe rally for all the competitors and a memorable rally experience from the safe viewing locations for all the audience and motorsport fans.

**Please remember social distancing and a good hand hygiene and I recommend wearing a face mask.**

Erkki Hemminki  
Clerk of the Course

## 2.2 Parking of the Race equipment

There is a reserved area for the transportation equipment (trailers etc.) in close proximity of the Service park at Seinäjoen Ravikeskus (Ravitie 9, 60120 Seinäjoki). The area is available for the competitors from Friday 25 September 2020 08:00. The transportation equipment should be parked in the sides of the area next to each other so that there will be a free space left in the middle of the area for driving. The area is close to the Safety Scrutineering and the Service park of Friday. There is no guarding in the area. You are not allowed to bring trailers into the Rally Center/Service Park/Scrutineering parking areas.

## 2.3 Administrative check

Administrative check for competitors of classes 1-6 and 14-18 will be performed together with handing out the reconnaissance material in the Rally Office (Hotelli Sorsanpesä, Törnäväntie 27) on Thursday 24 September between 18:30 and 20:30 and on Friday 25 September from 6:30.

Administrative check for competitors of classes 7-13 and 19-22 will be performed in the Rally Office (Hotelli Sorsanpesä) on Friday 25 September between 14:00 and 18:30.

The following documents will be checked:

- Driving license of the driver and official ID of the co-driver
- Competitors in the Young class: ID and driving license of the co-driver
- Entrant license (if the entrant is someone else than driver or co-driver)
- Certificate about the validity of the traffic insurance

**Both, driver and co-driver, must be present in person.**

**ALL THE FORMS WHICH SHOULD BE FILLED IN ADVANCE CAN BE FOUND IN THE OFFICIAL NOTICE BOARD AT [www.pohjanmaaralli.fi](http://www.pohjanmaaralli.fi)**

If there are any changes to the registration (driver, entrant or car will change), please fill in the form for amendment which is attached to this Competitors' guide. The changes should preferably be reported in advance via email to the Secretary of the Rally [pohjanmaaralli@gmail.com](mailto:pohjanmaaralli@gmail.com).

Reconnaissance material will be handed out to the competitors of classes 1-6 and 14-18 in the Rally Office (Hotelli Sorsanpesä) on Thursday 24 September between 18:30 and 20:30 and on Friday 25 September from 6:30. All the other materials will be given in the Scuritneering area (checking point for driving equipment).

Race material for competitors of classes 7-13 and 19-22 will be given in the Rally Office (Hotelli Sorsanpesä) two hours prior to the competitors' start time in exchange for approved Safety Scrutineering.

Material to be given:

- 1 pc roadbook
- 2 pcs route maps
- 2 pcs number identifiers for the reconnaissance car (classes 1-6 and 14-18)
- 1 pc identifier for the service car
- 2 pcs competition numbers

#### 2.4 Safety scrutineering and car documentation check

Each competitor must book a time slot for the Safety scrutineering at the latest on 22 September at 22:00 from <https://slotti.fi/booking/rallism/>.

Safety scrutineering is on Friday 25 September between 11:00 and 19:00 according to the time booked in advance by the competitor.

Safety scrutineering is performed at Rengastie 28, 60120 Seinäjoki.

Safety scrutineering ends 10 minutes after the last time booked.

**ONLY 2 PERSONS/CAR ARE ALLOWED TO GO TO THE SAFETY SCRUTINEERING**

The following car documentation will be checked in the Scrutineering:

- Scrutineering card
- Homologation certificate/passport

The scrutineering minutes will be given within the Scrutineering entrance.

When arriving to the Scrutineering, all organizer advertisements and competition numbers must be attached to the vehicle. At the Scrutineering, all competitors' personal safety gear (helmets, undergarment, Hans, gloves, (driver's) shoes, socks and race suit) will be checked.

The spare parts to be registered (spare turbo and spare pop-off valves) will be inspected, possibly measured and sealed after the Safety scrutineering at 19:00-20:00 in the Scrutineering hall.

Technical check (after the competition) Rengastie 28, 60120 Seinäjoki

In case pop-off valve or turbo needs to be changed during the competition, please contact directly the supervising person Riikka Raatikainen +**358503598510**

Finnish championship and CUP classes have the possibility to use 8 pieces of tyres. Tyre bar code form to be filled in is available in the official notice board. The form should be returned by 25 September 2020 at 18:00.

Chief Scrutineer Mikko Nikkari tel. +358409684648

#### 2.5 Safety tracking device collecting and returning

GPS tracking devices will be given to the competitors of classes 1-6 and 14-18 within the delivery of the reconnaissance material and the device must be used during the reconnaissance. In the reconnaissance car, there should be an USB power source for the tracking device and the device

should be plugged in during the whole reconnaissance. Each Special Stage, including the once which will be driven twice during the Rally, can be visited only 2 (times) during the reconnaissance. The organizer supervises the amount of reconnaissances with the tracking device. After the reconnaissance, before their start time for the Rally Part 1, the competitor must relocate the GPS tracking device into the Rally car.

Competitors of classes 7-13 and 19-22 should pick up their tracking device from the Rally Office one hour prior to their own start time.

On Saturday, the tracking devices will be collected at the finish-TC in Hotelli Sorsanpesä. When retiring, the whole device should be delivered to the Rally Office without delay or left to the TC or demolition car with the retiring announcement.

## 2.6 Reconnaissance

Reconnaissance for all Special Stages is performed on Friday 25 September between 07:00 and 18:00.

Organizer performs monitoring of Special Stages in advance and supervises the Stages with trail cameras before the reconnaissance starts. The reconnaissance car must have two number identifiers given by the organizer attached (top middle of the windshield and on the co-drivers rear window). They must be clearly visible during the whole reconnaissance. During the reconnaissance there is a speed limit of 80 km/h on all Special Stages during unless the speed limit is marked lower by the traffic sign or by the signs installed by the organizers. The competitors should consider the people living by the route and must not endanger other traffic. The police and the organizer will supervise the traffic in the Stages and in the Liaisons during the reconnaissance paying attention to the speed and driving manners. Like the other users of the roads, the supervisors can drive against the Rally direction. Stopping request by the officials marked with the identifiers of the organizer, must be obeyed on the threat of refusal of start. Possible speeding will be informed immediately by stopping. Amount of reconnaissances will be limited to two (2) times on each Special Stage. This applies also to the Special Stages driven two times. Tyres used during the reconnaissance must be according to the traffic code.

NB! Competitor is responsible for damages caused by himself during the reconnaissance.

## 2.6. To be noted during reconnaissance

During reconnaissance ALL signs marked to the road book are in place in the Special Stages as follows:

- Turning signs etc. are measured to their right locations and marked with official signs.
- Check point and interval safety point signs are at their right locations
- TC-, Start-, Finish- and stop- signs are at their right locations and marked with temporary signs.

## 3.1 Competitors' dressing rooms

There are dressing rooms reserved for the competitors on Friday 25 and Saturday 26 September in Hotelli Sorsanpesä. The dressing rooms are available on Friday between 18:00 and 01:00 and on Saturday between 17:00 and 20:30.

### 3.2 Start maneuver

So-called light start is used in the Rally. Jump start will be recognized with photocell and it will be notified at the finish of the special stage. If the lights won't work for any reason, the start will be done traditionally with a flag.

### 3.3 Stopping at Special Stage and Retiring

Using the warning triangle: If a competitor has to stop during Special Stage due to driving off the road or any other reason, warning triangle has to absolutely be placed to warn other competitors.

#### SOS & green OK

Show the A3-sized red **SOS** sign to the other competitors and officials if you need help in case of personal injury (medical help). When they see the sign, they will know to call the help. If you see other competitor asking for help, you must stop and help the injured with a threat of exclusion from the event. If you don't need medical help, show the green **OK** sign to the officials and the other competitors.

#### 3.3.1 Retiring

If you have to retire the competition, you should immediately inform the Result Officer, phone +358400 231840. In addition, a written Retiring announcement must be given to the Special Stage start, finish, check point or to the demolition car. Retiring announcement can be found on the back side of the time card.

#### 3.3.2 Discontinuation of Special Stage

If a Special Stage has to be discontinued or cancelled due to accident or any other crucial reason, the Special Stage can be used as a liaison or the detour according to the road book will be used for transferring to the next Special Stage. Rally officials will instruct which way is used.

## 4 Description of the Rally and Service

### 4.1 Start of the Rally Part 1

Start for the Rally Part 1 happens at Hotelli Sorsanpesä on Friday 25 September starting from 19:01pm. Before start, the competitors must make sure they have collected GPS-tracking device and Timing device from the Rally Office according to the rules. At the start of the Rally, there is a gathering area where you should arrive at the earliest 10 mins before your start time. From the gathering area, the organizer will have the competitors driven underneath the starting arc at Hotelli Sorsanpesä once a minute. Starting list with starting times is published at official electronic notice board at [www.pohjanmaaralli.fi](http://www.pohjanmaaralli.fi).

**Time card is given to the competitors at Hotelli Sorsanpesä Start-TC.**

### 4.2 Retiring and night break

If a competitor retires in the Part 1 or his/her right to start the Part 1 is denied due to the Scrutineers' proposal, the competitor has the possibility to repair the car and participate in the Part 2 of the Rally. Competitor must give a written notice of their willingness to continue the competition at the latest on Saturday 26 September at 01:00. Safety Scrutineering will be done to the cars of these competitors on Saturday 26 September, 30 minutes before their start time after TC 3F (Parc ferme out) at Törnäväntie 24, 60200 Seinäjoki. Performance time given for the competitor for undriven Special

Stage will be the fastest time of their class +5 minutes. For those retired on the last liaison of the Part 1 of the Rally, 5 minutes time penalty will be given. Overnight Parc ferme area is used and it is located at SEDU, Törnäväntie 24, 60200 Seinäjoki.

#### 4.3 Start of the Rally Part 2

The start list for Rally Part 2 is published in the official notice board at [www.pohjanmaaralli.fi](http://www.pohjanmaaralli.fi) on 26 September at 09:15. If a competitor retires in the Part 1 and wishes to continue the Rally in the Part 2, the Rally car will be scrutineered close by TC 3F on Saturday 26 September 2020, 30 minutes before the competitor's start time. The Scrutineering needs to be agreed in advance with Chief Scrutineer Mikko Nikkari tel. +358409684648. Only the cars accepted in the Scrutineering are allowed to start the Rally Part 2. The starting order for Part 2 is determined by the starting order for the Part 1.

#### 4.4 Service park and Service

There is one Service park used in the Rally.

There is a one-way traffic in the Service Park. The travel directions in and out have changed from the last years.

Friday

- 30 minutes, Rengastie 28, 60120 Seinäjoki

Saturday

- 15 minutes after night Parc ferme, Rengastie 28, 60120 Seinäjoki
- 60 minutes after SS 6, Rengastie 28, 60120 Seinäjoki

Service is allowed only in these areas. In the other areas, only the driver and co-driver are allowed to do any reparations using only the tools that are in the Rally car. Organizer reserves an area from the service park for every competitor according to Finnish rally championship rules. Only one (1) service car for driver/co-driver is allowed at the service park. "Huoltoauto" identifier given by the organizer, must be attached to the windshield of the service car. It must be visible for the whole duration of the Rally.

The Manager of the service area is Reijo Männistö, tel 0500 869460.

**We recommend avoiding going to the service areas of the other competitors.**

#### 4.5 Refueling

Refueling is allowed only in the petrol stations/refueling areas marked in the Road Book (also from the own container, E85, FIA- or 2T gasoline). Refueling time is included in the driving time of the liaison.

#### REFUELING DISTANCES

	SS km	Liaison km	Together
Start – refueling 1	14,80	71,02	85,82
Refueling 1 – refueling 2	23,88	48,13	72,01
Refueling 2 – refueling 3	13,04	24,85	37,89
Refueling 3 – refueling 4	10,76	22,29	33,05
Refueling 4 – refueling 5	22,66	45,64	68,30
Refueling 5 – refueling 6	9,22	34,37	43,59
Refueling 6 – finish	9,62	30,19	39,81

#### 4.6 Handling fluids in the Service park

Because motorsport has to take environmental matters seriously, we ask the competitors and their crew to pay extra caution handling oils or other fluids while doing service on their cars. In the service cars, there must be a driver-specific inspected 6 kg fire extinguisher which is suited to extinguish fire involving liquids and oil blotting rug ready for use. During service procedures, there must be a liquid proof cover under the race car. Handling fuels in the Service park is only allowed if the car has such malfunction that repairing it requires removing fuel tank and emptying it. This should be performed under the supervision of the officials. Precautions must be sufficient, and you can only add the amount of fuel which is needed for driving to the refueling area. During this procedure, it's not allowed to do other reparations for the car. In the service area, smoking is allowed only in the designated areas.

#### 5.1 Results

The provisional results for Rally Finnish Championship classes and Young Finnish Championship classes will be published starting around 18:30 in the official notice board. For the additional classes the provisional results will be published around 19:00 in the official notice board. The final results will be published after they are approved.

#### 5.2 Finish of the rally, prize-giving and FRC medal ceremonies

As many of the championships in different disciplines have been cancelled altogether and the current pandemic has affected our economy, the Finnish ASN has decided not to organise its annual prize-giving gala this year. Hence, all championship medals and trophies will be awarded at the final event of any given championship – like here in Pohjanmaa Rally.

As the medals will be awarded during the prize-giving of the rally, all retired competitors must remember to be present at the prize-giving, in case they are to receive a medal. The same goes for the medal winners in the Teams' Championship.

The event finish podium will be located at Hotel Sorsanperä. Before the podium, all cars will be gathered to a waiting area, where the final TC (free early arrival) will be located, too. Here the cars will be grouped for the podium. Cars will only be driven to the podium under marshals' orders. All drivers will drive to the podium, where those receiving a prize will step out of their cars. Other drivers will drive through the podium without stepping out.

The class order to the podium will be SM1 – SM2 – SM3 – SM4 – Suomi Cup – Young Drivers – RSJM 4 – RSJM 1 – RSJM 2 – RSJM 3 – Ladies' Cup. The drivers receiving a prize (see list on ONB) from each class will drive up to the podium in reverse order, e.g. fourth placed car first, then third, second and finally the winner – following marshals' orders.

The drivers will receive the event trophies and have the traditional champagne fight under the FRC podium arch. After the prize-giving of their class, the FRC medal winners will move to an Olympic style podium placed nearby to receive their Championship or Cup medal and prizes. The medals for the Finnish Junior Championship will be awarded after the podium of RSJM 3 class, all others immediately following their classes' prize-giving. Immediately after the medal ceremonies, the drivers

must move their cars away from the podium area, so that the ceremonies may proceed with the next class – please follow marshals' orders.

In the Finnish Rally Championship the best three drivers and co-drivers, as well as the top three in the Teams' Championship will receive medals. Winners in Suomi Cup will receive their trophies as per Art. 4.1.4 of the Championship. In the Junior Championship, the drivers and co-drivers will receive medals as per Art. 6.1 of the Championship regulations.

More information on the ceremonies may be given in the rally office.

The combined ceremonies of the rally and the championships will obviously extend the overall time taken by the prize-giving from normal, but let's try to enjoy a successful finish to the season and celebrate the winners without hurrying home!

None of the classes have a parc fermé at the finish, but all protests against any car must be called in before the arrival to the final TC of the car in question. The protests must be called in to tel. +358 40 500 7492 according to ASN Rally Regulations, Art. 29.
